

# LINK BAR

Wireless Voice-Controlled Soundbar and Subwoofer System

## Wireless voice-controlled soundbar and subwoofer system that streams all your favorite music like Spotify Connect and Google Cast.

The JBL LINK BAR, part of the JBL LINK system is a wireless voice-controlled soundbar system with HDMI, Bluetooth, Google Cast for Audio and Spotify Connect that lets you play and stream your entertainment, anywhere in your home. Simply say “Hey JBL” to take control of your soundbar system from anywhere in your room. Featuring Dolby Digital decoding, a dedicated center-channel speaker for clearer movie dialogue and a powerful wireless subwoofer, the JBL LINK BAR is ready to become the center piece of your home theater. The JBL LINK BAR can also learn your TV remote control giving you easy control over your home theater. Built-in noise and echo cancellation lets you make crystal clear phone calls. Featuring 380W MAX power for Soundbar, 300W MAX power for 200mm (8”) wireless Subwoofer, the LINK BAR system is ready to wirelessly fill any room with games, movies and music.

## Features

- ▶ Google Cast for Audio and Spotify
- ▶ Hands-Free Phone Calls
- ▶ HDMI Output with ARC
- ▶ Dolby® Digital Decoding
- ▶ Multi-channel Surround Sound
- ▶ 200mm (8”) Wireless Subwoofer
- ▶ JBL Controller App
- ▶ Easy Set-up
- ▶ Your Music, In Every Room
- ▶ TV Remote-Learning Capability
- ▶ Analog, Optical and HDMI Streaming
- ▶ Bluetooth Streaming
- ▶ Superior Sound Performance
- ▶ LINK Button (One Touch Follow Me Audio)
- ▶ HARMAN Display Surround Technology

# LINK BAR

Wireless Voice-Controlled Soundbar and Subwoofer System

## Features and Benefits

### Voice Control

Simply say "Hey JBL" to activate Voice Control on your JBL LINK BAR. You can control functions like Play, Pause, Volume and Next/Previous Track with just your voice.

### Google Cast for Audio and Spotify

Stream music directly from Google Cast for Audio-supported Apps or your Spotify Premium account using Spotify Connect.

### Hands-Free Phone Calls

With a simple voice command, you can effortlessly take your phone call without touching your phone.

### HDMI Output with ARC

Connect the JBL LINK BAR to any compatible television with a single HDMI cable for a complete home theater experience, and control it all with your regular TV remote.

### Dolby® Digital Decoding

The JBL LINK BAR decodes Dolby digital soundtracks in their native format, and features a dedicated center channel for clearer movie dialogues, which can provide a superior surround sound experience.

### Multi-channel Surround Sound

Pair the JBL LINK BAR with any two additional LINK speakers to create a complete 5.1 home cinema system. You can set up a wireless multi-channel home cinema system with no cables.

### 200mm (8") Wireless Subwoofer

The JBL LINK BAR comes with a wireless 300W MAX, 200mm (8") subwoofer with independent volume control, crossover and phase adjustment. That's serious bass, without the clutter of visible wires.

### JBL Controller App

The JBL Controller App (FREE Download) lets you set up and control the whole LINK System from your smartphone or tablet. It also wirelessly accesses and plays your stored music library, DLNA-compatible sources, or Internet radio stations.

### Easy Set-up

Connect the JBL LINK BAR to your home wireless network through Wi-Fi or Ethernet and control the entire system through the JBL Controller App.

### Your Music, In Every Room

Simultaneously stream the same music to multiple speakers across your home or different music to different rooms.

### TV Remote-Learning Capability

The JBL LINK BAR can learn your TV remote control giving you the easy control over your home theater from a single remote control.

### Analog, Optical and HDMI Streaming

Connect any audio source to the JBL LINK BAR using a 3.5mm, optical or HDMI cable and wirelessly stream music to all other JBL LINK speakers in your home. The speaker will automatically translate the incoming audio signal to Wi-Fi and then stream it to every connected speaker for a truly flexible whole-home audio experience.

### Bluetooth Streaming

Connect any Bluetooth device to the JBL LINK BAR and wirelessly stream music to all other JBL LINK speakers. The speaker will automatically translate the audio signal to Wi-Fi and then stream it to every connected speaker in the house for a truly flexible whole-home audio experience.

### Superior Sound Performance

Left/Right/Center 2-way configuration with dual 60mm (2.25") woofer with 20mm (0.75") tweeter, active audio filtering and digital built-in amplification to fill up even the largest rooms. In plain English, that's some serious sound.

### LINK Button (One Touch Follow Me Audio)

Your music will follow you from room to room with the touch of the LINK button.

### HARMAN Display Surround Technology

Drawing from HARMAN's expertise in big venue sound, the JBL LINK BAR features a virtual cinema mode that transforms even normal audio tracks into full surround-sound, without needing to add more speakers.

## What's in the box:

- 1 x JBL LINK BAR
- 1 x Wireless subwoofer
- 2 x AC power cord for soundbar and subwoofer
- 1 x Remote control
- 1 x Optical cable
- 1 x Quick start guide
- 1 x Safety sheet
- 1 x Wall bracket for JBL LINK BAR

## Wireless Voice-Controlled Soundbar and Subwoofer System

### Technical specifications:

#### Audio

- ▶ Transducers: 3 channels Left/Right/Center configuration 2-Way dual 60mm (2.25") woofer and 20mm (0.75") tweeter
- ▶ Subwoofer 200mm (8") driver
- ▶ Amplifier Power:  
Soundbar 6 x 30W RMS  
Subwoofer 150W RMS  
Signal-to-noise ratio >85dB

#### Surround Processing

- ▶ Harman Display surround Virtual mode :

Works with stereo and multichannel sources; this configuration enlarges the sound field, the apparent source width and the depth of the perceived soundstage

Stereo mode with equalization and filtering in the digital domain for a very coherent, smooth uniform sound field that is independent of listening angle

#### Dolby® Digital Decoding

- ▶ Harman Volume

Helps you maintain the same volume level – no matter what you're watching, be it a film, TV show or TV commercial

#### Connectivity:

- ▶ One HDMI® output with Audio Return Channel (ARC) and CEC support
- ▶ Bluetooth® connectivity
- ▶ Google Cast for audio
- ▶ Spotify Connect
- ▶ One 3,5mm stereo analog-audio input
- ▶ One optical digital input
- ▶ Ethernet

#### Ease of Use:

- ▶ Remote control that conveniently allows you to control all JBL LINK BAR functionality
- ▶ Programmable soundbar that can obey your TV remote's volume, power and source commands, enabling a single remote to control your whole home theater system
- ▶ Hardware (included) that makes it easy to mount the soundbar on a wall along with your flat-panel TV

#### Wireless Subwoofer:

- ▶ Wireless subwoofer that you can place anywhere in your room without loudspeaker wires
- ▶ Subwoofer-level control directly from the remote control to let you achieve the best balance between the subwoofer and soundbar for a variety of rooms
- ▶ Auto turn-on circuit automatically switches the subwoofer from 'standby' to 'on' when an audio signal is present
- ▶ Adjustable subwoofer crossover lets you achieve a smooth transition of bass between the subwoofer and the soundbar, for a variety of different rooms and subwoofer locations
- ▶ Phase switch lets you fine-tune bass performance to your listening environment and taste

#### Packaging Dimensions (W x H x D):

- ▶ 1280 x 387 x 487.5mm  
(50" x 15.24" x 19.20") – EMEA Version
- ▶ 1167 x 526 x 543.5mm  
(45.95" x 20.71" x 21.40") – US Version

#### Unit Dimensions (W x H x D):

- ▶ Bar: 1220 x 100 x 87mm (48.03" x 3.94" x 3.40")
- ▶ Subwoofer: 320 x 355 x 320mm  
(12.6" x 13.97" x 12.6")
- ▶ Weight: 20.35KG (44.86Lbs)

- ▶ Power Supply: Internal 100-240V – 50/60Hz
- ▶ Bluetooth® Version: 4.1
- ▶ Bluetooth® transmitter frequency range: 2402 – 2480MHz
- ▶ Bluetooth® transmitter power: <4dBm Bluetooth® transmitter modulation: GFSK, π/4 DQPSK, 8DPSK
- ▶ 2.4G Wi-Fi transmitter frequency range: 2412 – 2472MHz (2.4GHz ISM Band, USA 11 Channels, Europe and others 13 Channels)
- ▶ 2.4G Wi-Fi transmitter power: <20dBm (EIRP)
- ▶ 2.4G Wi-Fi modulation: OFDM, DSSS, DBPSK, DQPSK, CCK, 16QAM, 64QAM
- ▶ 2.4G Wi-Fi network compatibility: IEEE 802.11b/g/n
- ▶ 5G Wi-Fi transmitter frequency range: 5.15~5.35GHz, 5.470~5.725GHz, 5.725~5.825GHz
- ▶ 5G Wi-Fi transmission power: <18.5dBm
- ▶ 5G Wi-Fi modulation: OFDM.DSSS, DBPSK, DQPSK, CCK, 16QAM, 64QAM, 256QAM
- ▶ 5G Wi-Fi Network compatibility: IEEE 802.11n/ac
- ▶ JBL LINK Bar ENERGY SPECIFICATION:
- ▶ Power consumption in sleep mode: <3 Watts/Hour

#### Note:

The JBL LINK Bar is intended to be used for streaming music via [Bluetooth and Wi-Fi technology].

This product is designed to be instantly on and ready to play music at a moment's notice.

The JBL LINK Bar is in compliance with the European Union energy legislation.
